Profile

Finished a CareerFoundry's UI design course by dedicating more than 400 hours studying and working on various projects with the help of industry's leading professionals as mentors. The course resulted in acquired skills ranging from UX methodology to the purely visual aspect of the design process and a great portfolio creating several mobile and web applications.

Work Experience

UX/UI Design Intern at 20Scoops Venture Capital GmbH & Co. KG

January 2019 - March 2019

Finished the company's internship programme by creating pixel-perfect illustrations, diving deeper into the iOS Human Interface Guidelines and Material Design Guidelines, collaborating on different design projects and participating in weekly design sessions by reviewing trending topics.

TV Journalist at ABCD1 d.o.o.

June 2009 - January 2018

Multi-tasking as a PR officer, marketer, journalist and a TV presenter for Slovenian commercial television stations. Working on branding, creating logos, audience research and profiling, editing and organizing online content.

Researcher at IPNA-CSIC

February 2016 - June 2016

Sales representative at Stilski oglasi d.o.o.

November 2010 - April 2011
